CORE SKILLS

Software Development

HTML5
CSS
VS Code
Eclipse
Xcode
Android Studio
Java
JavaScript
TypeScript
Angular v 17-19
.NET
C#
JavaFX
MS SQL
React Native
Web Development
Front-End Development
Microsoft Office
GitHub
AWS
Jenkins
Bootstrap
Postman
Documentation
IT Experience
Network Engineering
Windows

Driven and adaptable professional seeking an entry-level role in software development. Skilled in programming, web development, and systems design, with a strong focus on problem-solving and process optimization. Passionate about collaboration and continuous improvement, I bring a blend of technical expertise and a growth mindset to deliver innovative solutions.

SOFTWARE PROJECTS

My projects include continuous updates to E-Commerce stores, Task Management and Server Management apps, Investment calculator apps, as well as a collaborative Quiz Management project using JavaFX and Java. Please see my GitHub Repository below for all recent projects.

EDUCATION

UDEMY COURSES

2024-PRESENT

I actively pursue ongoing learning to stay current with industry trends and enhance my technical expertise. Completed courses such as *Angular - The Complete Guide (2025 Edition)*, *Build an App with ASP.NET Core and Angular from Scratch*, and *C# .NET with MS SQL Complete Beginner to Master 2025* on Udemy, further developing my skills in full-stack development and software engineering.

B.S. SOFTWARE DEVELOPMENT AND COMPUTING TECHNOLOGIES

VALENCIA COLLEGE, ORLANDO, FL — 2017-2022

Hands-on experience in programming, database management, web development, and systems design. Built applications using Java, C, MySQL, JavaScript, TypeScript, Angular, and React, leveraging GitHub for version control. Applied SDLC methodologies, such as Waterfall and Agile, to prioritize and allocate work on debugging, analyze requirements, and deliver efficient solutions while honing problem-solving and teamwork through real-world projects.

WORK EXPERIENCE

DIRECTOR OF ONSTAGE PRODUCTION

WINDERMERE MINISTRIES, WINDERMERE, FL — 2017-PRESENT

Directed technical production for 15 weekly services across five locations. Managed AV systems and led a team of volunteers that grew from 10 to 65 members while fostering collaboration and high performance. Automated workflows with Microsoft Power Automate to optimize processes, streamline file transfers, and schedule backups. Applied programming and technical expertise to upgrade systems, improve efficiency, and provide application support for tools like ProPresenter. Oversaw system maintenance, installations, and event planning, consistently delivering projects on time, within budget, and to high-quality standards.

SOCCER REFEREE

US SOCCER FEDERATION, ORLANDO, FL — 2022-PRESENT

Balances fairness and safety through objective decision-making and adaptability in high-pressure environments. Resolves conflicts with professionalism, leveraging integrity, emotional intelligence, and strong communication skills. Leads referee teams and mentors new referees, fostering collaboration and growth within the officiating community. Demonstrates exceptional time management and a commitment to continuous improvement through advanced training and disciplined preparation for peak performance.
